

Contour lines show the outline of an object.

The outline is the edge. Contour lines can also show where two objects or planes meet/overlap.

Directions - Use these examples of contour line drawings of wildflowers to create your own bouquet.

Use a nice piece of drawing paper 9" x 12".

1" border.

Your composition should fill the space between 70% - 80% full.

NO COLOR or SHADING.

Use line quality - Thick and thin lines.

Use "Line as texture" to describe how the surface feels.

Use "line as form" to describe the shape of the surface. Rounded, wrinkled, frayed, etc.
